

Clearwater Cyber Risk Services™

A Strategic & Complete 3-Year Plan to Implement, Execute & Mature Your Cyber Risk Management Program

Clearwater CRS enables healthcare organizations of all sizes to implement a best-in-class cyber risk management program.

Clearwater CRS combines its award-winning **IRM | Pro™ ECRMS** platform, expert professional services, and proven methodology to rapidly build your cyber risk management program. We also work with you to help you assess, respond to, and manage cybersecurity risks on an ongoing basis.

Clearwater offers three levels of the CRS program at fixed monthly fees to ensure predictable costs that won't break your budget.

MANAGE CYBER RISK RIGHT.

"We have a really great working relationship with Clearwater. They helped us to improve our risk management program and gave the Board the assurance and information they needed."

Mary Gardner, Former CISO | Seattle IDN

Trusted by Hundreds of Hospitals & Healthcare Systems
